## **WSP Mobile DUI Vehicle in Town**

The Washington State Patrol's mobile DUI vehicle will be at the WSP Spokane headquarters for viewing tomorrow from 1 pm until 3 pm. This 2005 Winnebago motor home has been converted into a DUI processing/incident command vehicle and is available for use at events across the state.

The vehicle is equipped with three BAC machines (for obtaining breath tests), two holding cells and an interview room to test people suspected of being impaired with drugs. The vehicle also has bathrooms and kitchen facilities as well as work stations for troopers to do paperwork. The vehicle is in Spokane for the WASPC (Washington Association of Sheriff's and Police Chiefs) meetings being held downtown.

Troopers from the WSP Impaired Driving Unit will be in town tomorrow with the vehicle for tours and to provide more information about the vehicle and its capabilities. The vehicle will be back in Spokane next month for Hoopfest weekend.
